0-3
6. The board is pleased to accept Ellen Fedosh as our new Town Hall Janitor, effective immediately.
7. Discussion of Town Hall basement door. The door is very old, and drafty. The board approved the purchase of a new, tighter, and more efficient door for the basement.
8. Discussion of closing of town books and prepping for the town audit.
9. Peggi found out some more information on possible loans for new town float. It looks like the DOT may have some low interest loans available for such a thing, if our search for Grants does not cover it completely.
10. The board discussed the possibility of future road paving, to finish all parts of the road that haven't been repaved in the last couple years. We will continue to discuss the possibilities of this in future meetings.
11. Discussion of COVID-19 vaccinations and rollout from EM Ray Sisk.

Adjourn: 11:25AM

Respectfully Submitted,

Daniel MacDonald and Abigail Hiltz
